Message from Dr. Maya

These are difficult times. We are facing common perils, but also our personal habits, expectations and values of our current warring culture, threatening our environment as well as our global community and in that the life

of the earth as a being and the heart and spirit of all beings. It is becoming clear that no government and no institutions are meeting the gravity of the global situation and that it cannot be fixed. IT MUST BE CHANGES AND THE CHANGE IS ONE OF CONSCIOUSNESS.

“Be you transformed by the renewing of your mind”

As the next step in Unity’s Renaissance we invite all attending, former and old members but also anybody wishing to become a new member to prepare for a deeply significant ceremony on November 8th where we dedicate and rededicate ourselves to the spiritual path taught and shared at Unity. Important for you to remember, that this commitment does not exclude you from belonging to any other church or path.

This ceremony only bestows a blessings on you, accepting your declaring your willingness to be part of Unity and to journey with others.

I am also delighted to welcome Dr. Roger Gian to our Sunday morning speaker group. When I am away, Wilma and Victor and now Roger will take turns as guest speakers, each bringing her and his unique approach to the spiritual teaching.

See more on Dr. Roger Gian in “About us”

Lovingly
Dr. Maya
