## Minister's Letter

Summer 2014

SOMETHING BEAUTIFUL IS HAPPENING TO PEOPLE AT UNITY CHURCH OF MONTREAL. BE PART OF IT!

Celebrating our Renaissance this shall be our greeting to our community at large

What is it that is happening? Two things flash to my mind. One is a story of a friend who made her transition. In her last hour on this planet she called her friends around her to tell them: "Do you know how beautiful you all are? Do you know how beautiful and magnificent. Do not ever forget that you are beautiful!"

And a second story, one right out of my own backyard. Recently someone close to me, had some very difficult news, a human defeat type of experience. As we sat together in my garden, he looked around and moaned: "I am sitting in paradise and I don't feel nor can I see its beauty today."

Beauty has always held out a mysterious pull for me....awakening a longing. Beauty in people, yes, but more so beauty in nature. In its forms and colors and moments of animate and inanimate harmony.

Your and my beingness is BEAUTY and this beauty pulls us in, continues to call us, and expands our capacity to embrace all of life. It is this capacity to embrace ALL OF OUR EXPERIENCES easy and nice ones, difficult and challenging ones, that we attend to at Unity of Montreal. We are committed to creating an ongoing teaching, learning community that sustains individual and collective growth.

BE WELL AND WITH MY LOVE,

Dr. Maya

*"Weave us together, weave us together in Unity and love..."*
